

ENOS Limited

Privacy Policy

Version date: 1st June 2026

1. Who we are

ENOS Limited is the data controller responsible for your personal information. We are a UK-based consultancy. Our contact details are set out below.

Trading name: ENOS Limited

Address: 15 Great Riding, Runcorn, WA7 6SL

Email: gp@enos.ltd.uk

We have not appointed a Data Protection Officer. Any queries about this policy or about how we handle your data should be directed to the email address above.

2. What personal data we collect

When you submit an enquiry or lead generation form on our website, we collect the following categories of personal data:

- Full name
- Email address
- Phone number
- Company name

We do not collect special category data (as defined in Article 9 UK GDPR) through our website forms, and we do not knowingly collect personal data from individuals under the age of 18.

When you arrive from one of our online adverts, we capture the advert's click reference from the web address and store it with your enquiry, so we can measure which adverts are working. This is not a cookie and nothing is stored on your device

3. How we collect your data

We collect your personal data directly from you when you complete and submit an enquiry or contact form on our website. Your data is automatically transferred to and stored in our customer relationship management (CRM) system, Bigin by Zoho Corporation.

4. Why we use your data and our legal basis

We process your personal data for one purpose: to contact you with information about ENOS Limited's products and services that may be of interest to you, and to respond to any enquiry you have made.

Our legal basis for this processing is legitimate interests (Article 6(1)(f) of the UK GDPR). Our legitimate interest is in marketing our services to business professionals who have proactively submitted their details to us, indicating an interest in what we offer. We have assessed that this interest is not overridden by your interests or fundamental rights, for the following reasons:

- You submitted your details voluntarily via our website form.
- As a business professional, you would reasonably expect to be contacted following such a submission.
- The data we hold is limited in scope and sensitivity — no special category data is involved.
- You can object to this processing at any time (see Section 8 below).

5. Who has access to your data

Access to your personal data is restricted to Geoff Porritt, the sole director and operator of ENOS Limited. Your data is not sold, rented, or otherwise disclosed to any third party for their own purposes.

Your data is stored in Bigin, a CRM product provided by Zoho Corporation. Zoho acts as a data processor on our behalf; it processes your data only on our instructions and does not use it for its own commercial purposes. Zoho's data processing and security practices are governed by its own published terms, available at zoho.com.

No international transfer of your personal data is made by ENOS Limited beyond the processing arrangements described above. Should this change, we will update this policy accordingly.

6. How long we keep your data

Prospective clients

If you submit an enquiry but do not become a client of ENOS Limited, we will retain your personal data for three years from the date of submission. If you update your details within that period, the three-year retention period resets from the date of that update. At the end of the retention period your data will be securely deleted.

Clients

If you become a client of ENOS Limited, your personal data will be retained for seven years from the date of completion of the most recent engagement between you (or your organisation) and ENOS Limited. This extended period reflects our obligations and legitimate interests in connection with potential contractual, regulatory, or legal matters that may arise after an engagement concludes. At the end of this period your data will be securely deleted.

7. Cookies

Our website does not use cookies or any equivalent tracking or analytics technologies. We do not collect data about your browsing behaviour on our site.

8. Your rights

Under UK GDPR you have the following rights in relation to your personal data:

- Right of access — you may request a copy of the personal data we hold about you.
- Right to rectification — you may ask us to correct inaccurate or incomplete data.
- Right to erasure — in certain circumstances you may ask us to delete your personal data.
- Right to restriction — you may ask us to restrict processing of your data in certain circumstances.
- Right to data portability — you may ask us to provide your data in a structured, commonly used, machine-readable format.
- Right to object — you have the right to object at any time to processing based on legitimate interests. On receipt of a valid objection we will cease processing unless we can demonstrate compelling legitimate grounds that override your interests.

To exercise any of these rights, please contact us by email at gp@enos.ltd.uk. We will respond within one calendar month of receiving your request. No fee is charged for exercising your rights in normal circumstances.

9. How to complain

If you are unhappy with how we have handled your personal data, please contact us in the first instance at gp@enos.ltd.uk so that we have the opportunity to address your concern.

You also have the right to lodge a complaint at any time with the Information Commissioner's Office (ICO), the UK supervisory authority for data protection matters:

Website: ico.org.uk

Telephone: 0303 123 1113

Post: Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF

10. Changes to this policy

We may update this policy from time to time. The current version will always be published on our website. Where a change is material, we will take reasonable steps to bring it to your attention. The version date at the top of this document shows when the policy was last revised.
